

Mount Hood

American

Origin: Oregon, USA. Bred in 1983 and first released in 1989, Mt. Hood is a sister hop of Crystal, Liberty, and Ultra. It is the daughter of Hallertau Mittelfrüh crossed with a USDA 19058M male.

Usage: With its noble heritage, Mt. Hood is an excellent choice for pale lagers, wheat beers, and German or Belgian ales where a refined aroma with low to moderate bitterness is desirable. It makes a good substitute for German-grown Hallertau varieties.

Aroma & Flavor Characteristics: Moderately intense and sweet with suggestions of herbal notes, flowers and green fruit. Can range into pungence with a more pronounced herbal note in some crops.

Maturity: Medium

Yield: 1,500 - 1,800 lbs/acre

Alpha Acid Range %	4.0 - 7.0
Beta Acid Range %	5.0 - 8.0
Co-Humulone as % of alpha	21 - 23
Total oils mL/100 gr.	1.6 - 3.4
