

Vitamix+™

Technical Data Sheet

Composition and appearance:

- Ingredients: A proprietary blend of essential vitamins and yeast hulls for yeast growth and fermentation
- Off-white powder with neutral odor
- Contains no inorganic nitrogen; not a significant source of nitrogen

Purpose:

- Helps prevent stuck or sluggish fermentations
- Promotes yeast growth and viability
- Helps prevent H₂S and volatile acidity formation during fermentation

Typical Dosage Rate:

- 25 ppm (2.5 g/hL, or 100 g/1000G)
- Legal Limit: 31 ppm

Preparation and use:

- Add along with nitrogenous nutrients, not instead of them
- Stir into water or juice before adding, or stir directly into juice

General Points:

- Not permitted for organic wine

Shelf Life and Stability:

- Store tightly closed at cool room temperature (20 C/68 F or below).
- Stable for 2 years if still in powder form

Safety Information:

- Skin and eye irritant; wear eye protection, dust mask, and coat

GMO STATEMENT: To the best of our knowledge and the knowledge of the supplier or manufacturer of the ingredients, no GMO's are used in the preparation or manufacture of any of our nutrient products.
